About Constellation Alpha Capital

Constellation Alpha Capital (CNAC) was formed by Mr. Rajiv Shukla to provide international investors access to the Indian growth story. Previously, Mr. Shukla served as the CEO of India's biggest listed defence company (called Pipavav Defence, now called Reliance Defence) in addition to principal investment roles at Morgan Stanley, Citi Venture Capital International and ICICI Venture. He has been involved in over 40 investments in the US and Emerging Markets. He has served as Director on the Boards of eight companies. Since 2015, India has been the fastest growing major economy in the world. As of 2017, the Indian economy is the 7th largest in the world and is expected to be the 5th largest by 2020. However, U.S. investors have limited access to the Indian economy - there are fewer than one-tenth Indian companies listed in the U.S. compared to Chinese companies.

CNAC raised \$125 million plus greenshoe by means of a Nasdaq IPO on June 19, 2017. This was the biggest India-focused IPO on Nasdaq till date.
